AMERICA THE BEAUTIFUL

We the American People
are neither red nor blue.

We are Purple.

Purple is the color of royalty.
We all are American royalty.

We all are queens and kings.
Born on American soil
to rule over Our beautiful Homeland
equitably and Lovingly.

Together.

In America,
We do not tolerate monarchs.
We got rid of them in 1815.

In America,
We do not tolerate fascists.
We defeated them in 1945.

This is the Land of the Free.
This is the Home of the Brave.

America the Beautiful
is Our Homeland.
She is the Land
that We Love.

We stand beside her.
And We will always fight
to keep her safe from all enemies,
foreign and domestic.

We will always fight
to keep Our families safe,
to keep Our neighbors safe,
to keep Our American values safe,
from tyranny, greed and evil.

Per the promise
of Our Declaration of Independence,
every American citizen has the
unalienable Rights to Life, Liberty,
Safety and Happiness.

We, the royals of America,
want to work less
and play more.
We want to worry less
and relax more.

We want to live and love
in peace and harmony.

Per the promise
of Our Constitution,
it is Our royal duty
to progress this Great Nation
into a More Perfect Union.

It is Our royal duty
to share the immense wealth
of this Great Nation
to benefit All Americans.
And future generations.

We are not a government
of monarchs or oligarchs.

We are a Government:
Of the People.
By the People.
For the People.

This Land is Our Land.
This Land is Our Homeland.
Land of the Free.
Home of the Brave.

We are the royals
and rulers of this Land.

We are America the Beautiful.

Time to Make a Change

"It's time.
Time to make a change.
We are the People who can do it."

The Winans

As Americans, these are the values We hold dear in this Great Nation of Ours. Values dating back to July 4, 1776:

> "We hold these Truths to be self-evident, that all humans are created equal... endowed with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

Freedom and Quality of Life are not Rights you must earn. They are Rights you are born with. They are Rights you must fiercely protect. No Government has the divine power or authority to infringe upon your Life, Liberty, Safety and Happiness.

Per the U.S. Constitution, as public servants, Our Government is duty bound to shepherd and safeguard every American citizen's:

"Domestic Tranquility
Common Defense
General Welfare
Blessings of Liberty"

Failure to do so is unconstitutional.

Many in Our Government's executive, judicial and legislative branches have woefully forgotten a core tenet of President Abraham Lincoln's Gettysburg address in 1863. That Ours is a Government:

"Of the People, by the People, for the People."

Per Our Declaration of Independence, Our Government derives its executive, judicial and legislative powers solely:

"From the consent of the governed."

If and when Our Government "becomes destructive" to the American People's "Safety and Happiness":

> "It is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form... to affect their Safety and Happiness."

For decades, Our Government at the national, state and local level has become increasingly destructive to Our divine and Constitutional Rights to Life, Liberty, Safety and Happiness.

Since most of Our elected representatives lack integrity, empathy, compassion, a moral backbone, and an historical understanding of the evils and economic destruction of fascism and tyranny, it is time for the Adults — We the American People — to step in.

For far too long, We have allowed politicians, lobbyists, bigots, religious hypocrites, corporations, biased news media, wanna-be oligarchs and foreign interlopers to set the legislative agenda. To determine what does and does not become law.

We have watched them make 50 million excuses as to why they refuse to enact, fund or enforce the critical laws and programs Americans want and need.

Magically, they are always able to find unlimited billions of dollars for corporate bailouts and foreign wars.

Funded with Our tax dollars.

Yet, when it comes time to enact universal healthcare, eradicate school shootings, and fund other critical programs that will protect every American's Life, Liberty, Safety and Happiness... sadly, suddenly, there is no more money left in the piggy bank.

Now, while America's national defense is of utmost importance, Our Freedom and Quality of Life as citizens is of equal importance. Because a country cannot and does not exist without its People.

We the American People are the majority. We hold the Power.

Per Our Constitution, We are the president's Boss. Congress's Boss. The Supreme Court's Boss. We are the Boss of every mayor, judge and governor in every state across this Great Nation of Ours.

Our federal Government is funded with over $5.1 trillion of Our tax dollars, annually. American corporations are heavily reliant upon Our skills. Our ingenuity. Our consumer spending. Our defensive might. And the land and natural resources of Our Homeland.

If every American silently protested by not working, not shopping, and not paying taxes for weeks, the U.S. economy would spiral.

The so-called "powers-that-be" are broke and powerless without Our land. Our labor. Our taxes. Our spending. And Our consent.

For far too long, Our Government has devolved to a level of corruption and destruction that is suppressive, oppressive, regressive and intolerable. The dunces running the circus are getting greedier and crueler and more controlling by the hour.

Enough is enough. As their Boss, it is Our collective duty to say:

"You're fired."

It is Our patriotic duty to vote, instead, for public servants who **LOVE** America; and **LOVE** every American citizen equally.

Starting now, We the American People will set the Legislative Agenda. If you want to make America a more beautiful, peaceful and prosperous place for you and your Loved Ones:

Stop voting red. Stop voting blue.

Starting now, only VOTE Purple.

Vote in every single national, state and local election. Only vote for candidates who publicly swear an oath to enact, fund and enforce, by law, the **Project LOVE 2030 Legislative Agenda**.

Project LOVE 2030 is on a mission to find, support, elevate and empower honest and honorable Americans to run for office. So they can serve as wise, noble and **LOVING** Leaders who will protect every American citizen's divine and Constitutional Rights to Life, Liberty, Safety and Happiness.

We have kept the Agenda's **Legislative Action Items for 2025-2030** short and sweet, so they are easy to read and share.

Starting now, hold your elected representatives accountable to the 2025-2030 Legislative Agenda, and this Agenda alone. If they refuse to do so, respond with a loud and resounding, "You're fired." Vote them out of office. And **VOTE Purple** instead.

For this Land is Our Land. Land of the Free. Home of the Brave.

This is the Land that We **LOVE**.

It is Our Birthright — and it is Our military's sworn duty — to protect Our Homeland from "all enemies, foreign and domestic."

We the American People stand United in the face of tyranny, greed and evil. We will fight together and **VOTE Purple** together to ensure that, per the immortal words of President Lincoln:

> "Government of the people, by the people, for the people, shall not perish from the Earth."

“True individual freedom
cannot exist without economic
security and independence.
People who are hungry,
people who are out of a job,
are the stuff of which
dictatorships are made.”

President Franklin D. Roosevelt

Economic Prosperity

We the People’s
Voting and Legislative Agenda
2025 – 2030

our
common
wealth

I-A. America CommonWealth Fund

The Problem

Mining. Lumber. Bottled water.

These are just three multi-billion dollar industries that would not exist if not for the natural resources found on American lands, seas, waterways and territories.

The U.S. Mining, Quarrying, and Oil and Gas Extraction industry, for instance, rakes in over $725 billion in revenue a year. Collectively, companies in this sector paid a little over $12 billion in taxes and licensing fees — a paltry tax rate of only 1.6 percent.

As natural-born American citizens, America is Our Homeland. The wealth of Our Homeland's natural resources is Our collective Birthright.

Profits gleaned from the mining, extraction or harvesting of natural resources on American lands should be shared and enjoyed by all natural-born American citizens.

Not hoarded by the One Percent.

For centuries, the hoarding of American land and resources in the hands of a few — i.e., the Hoarders of America — is a core reason poverty, unemployment, homelessness, crime, substance abuse, domestic abuse, and an ever increasing wealth gap persists.

Collectively, these industries rake in trillions of dollars in revenue. Hoarding the wealth of Our natural resources, while paying next to nothing in taxes and fees, by comparison.

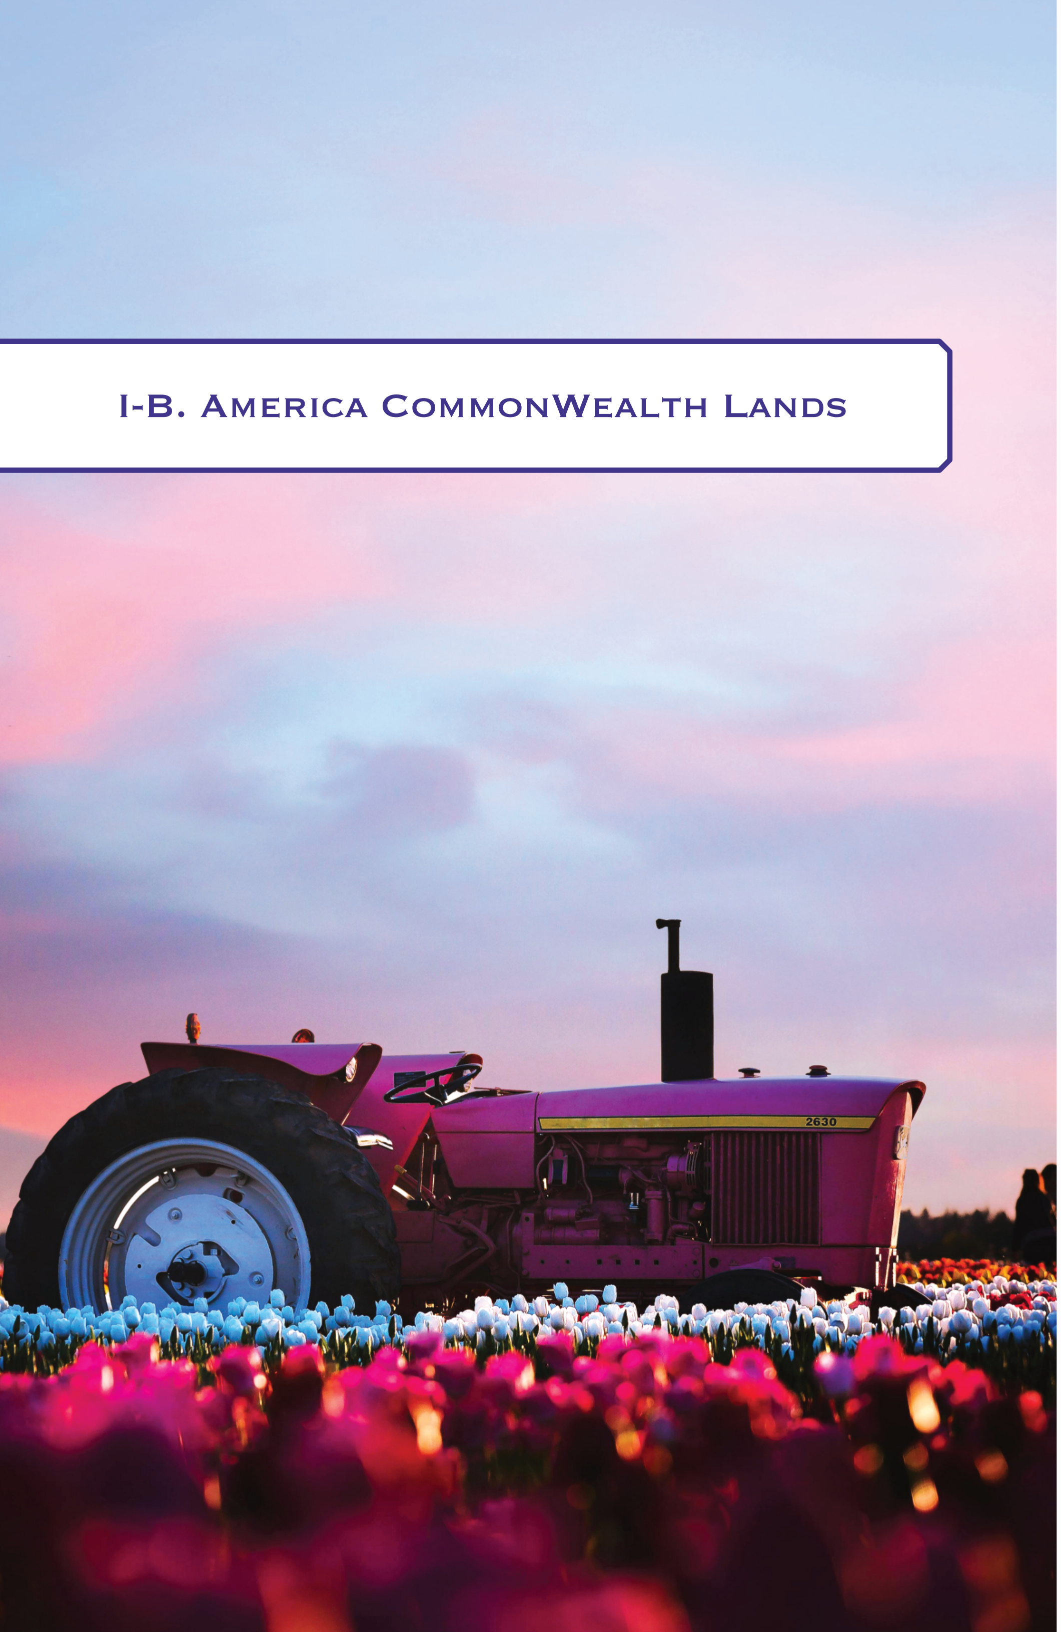
The 2030 Solution

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item I-A: America CommonWealth Fund

By 2030, wealth and profits gleaned from natural resources mined, extracted or harvested on American lands, seas, waterways and territories must be shared as dividends amongst all natural-born adult American citizens, and future generations, via an America CommonWealth Fund.

This CommonWealth Fund will add passive income to the savings account of every natural-born adult American citizen, every year, for generations to come.



I-B. AMERICA COMMONWEALTH LANDS

THE PROBLEM

97 percent of America’s agricultural land – 1.2 billion acres – is owned by just One Percent of American households.

These Land Hoarders rake in over $500 billion in annual revenue. They are heavily reliant on: billions in Government funding, paid for with Our tax dollars. And on migrant workers from Mexico who, by law, are paid at least $14.83 an hour, plus free housing.

- Meanwhile, over 40% of Americans do not own a home.
- 50% of American households cannot afford to buy a home.
- Over 800,000 Americans are unhoused (homeless).

American lands are Our Birthright. Every natural-born American household should have a home of their own in their Homeland.

1.2 billion acres is so much land that, if every natural-born American household had 1 acre of land to steward and live on for free, there would still be hundreds of millions of acres to spare.

Today, 80 percent of Americans live in urban metropolitan areas that comprise only 3 percent of Our nation’s land mass. Why?

Because of a centuries-old system of land hoarding, labor exploitation and wage suppression, which violates Our American Birthright to Life, Liberty, Safety and Happiness in Our Homeland.

THE 2030 SOLUTION

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item I-B: America CommonWealth Lands

By 2030, all of America’s agricultural lands must be designated as CommonWealth Lands, reserved for Cooperative Stewardship by the American People. Commonwealth Lands cannot be privately owned. They can only be stewarded by American citizens.

Every natural-born, adult American household of sound mind and body that does not own real estate can lease one acre of CommonWealth Land for free, as their primary residence.

This will afford them the opportunity to build or install an affordable home of their own while earning an independent living from the fruits of their labor, and the harvests of their Homeland.

our work force

II-A. AMERICA FIRST WORK FORCE

THE PROBLEM

For decades, American businesses have blatantly terminated, laid off, or refused to hire qualified or trainable American workers, to replace them with foreign workers domestically and abroad.

Currently, 2 in 3 American companies are outsourcing American jobs overseas. Collectively, they are paying $62 billion dollars a year to replace American workers with foreign labor.

That is equal to approximately 1 million American jobs.

Inside Our borders, in the past four years alone, Our Government has flooded Our Work Force with 4 million undocumented migrants, and foreigners here on H-1B, H-2A or H-2B visas.

Some enjoy free meals and housing, funded by billions of Our tax dollars. While others are paid double the federal minimum wage.

- Meanwhile, over 7 million Americans are unemployed.
- Over 800,000 Americans are unhoused, many of whom are families with children.

No adult American citizen seeking employment should be jobless or homeless in their Homeland while corporate profits soar.

THE 2030 SOLUTION

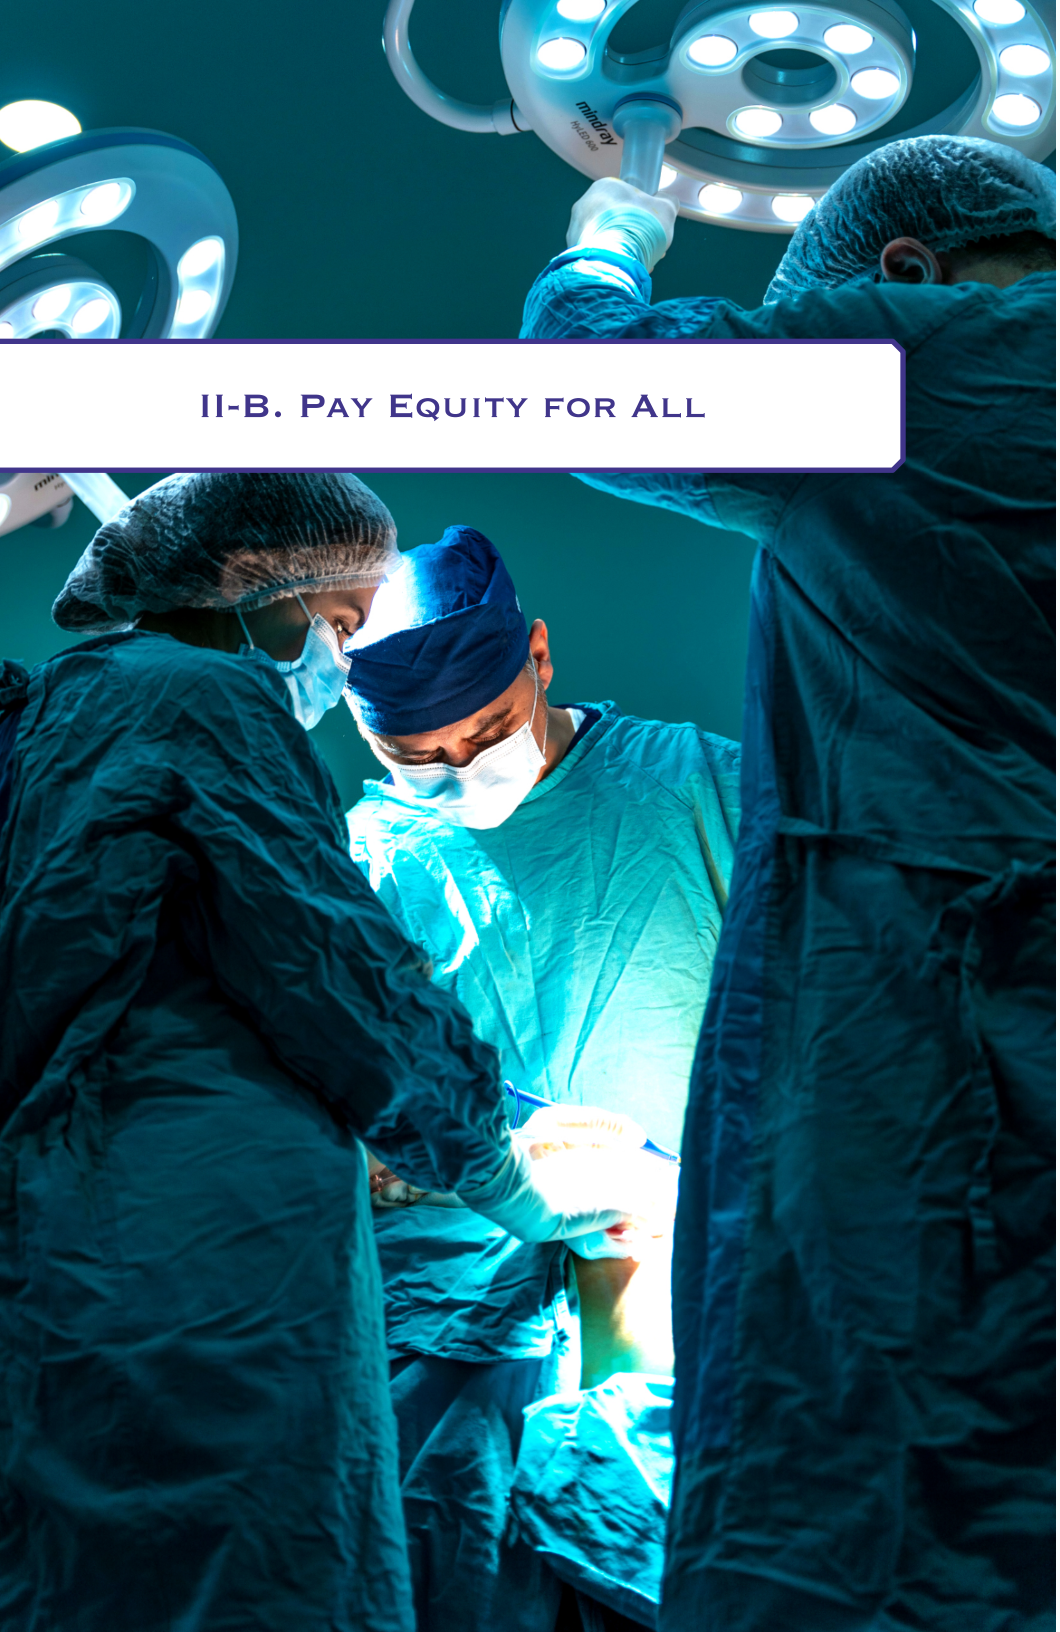
Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item II-A: America FIRST Work Force

By 2030, American jobs must go to American citizens FIRST.

When the National Unemployment Rate or National Unhoused Rate amongst American citizens is above 0 percent:

- The federal Government must freeze all applications, reviews, approvals, issuance and renewals for foreign work visas; U.S. permanent residency; and U.S. naturalized citizenship.
- For all domestic employers with a customer or constituent base residing in the United States and its territories, a proportional percentage of their job openings, contracts and subcontracts must be reserved exclusively for U.S. citizens.



II-B. PAY EQUITY FOR ALL

THE PROBLEM

Pay inequity in the American workplace has been illegal nationwide since the 1960s.

Sixty years later, however, pay inequity for equitable work, skills and qualifications still persists in workplaces around the country.

These systemic and exploitative inequities are costing the average American worker over $400,000 in underpaid wages throughout their career.

This severely impedes the amount of money they can save for a house; or their children's college fund; or their retirement fund.

Right now, the pay equity burden is placed on American workers: To advocate for themselves in salary negotiations. Or to sue their employer for pay inequity. Or to report their employer to the Equal Employment Opportunity Commission (EEOC) for legal violations.

Placing the burden on the victim is expensive, inefficient, unfair, and has done little to eradicate pay inequity in the workplace.

Instead, the burden of proof and execution should be on employers to ensure they are paying all of their U.S. employees equitably, in accordance with the law.

THE 2030 SOLUTION

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item II-B: Pay Equity for All

By 2030, all employers must pay their U.S. employees equitable compensation for equitable skills, qualifications, duties and responsibilities within the same business or organization, adjusted per the annual cost of living in each employee's city of residence.

Equitable compensation includes salary, bonuses, employee stock, expense accounts, insurance, benefit packages, perks, et al.

Employers with two or more U.S. employees must commission and submit an independent Annual Pay Gap Audit Report to the EEOC detailing the audit findings; documented compensation adjustments made; and retroactive pay adjustments made in that tax year.

II-C. PAID TIME OFF FOR ALL

THE PROBLEM

U.S. presidents do it. Members of Congress do it. Governors, mayors and Supreme Court justices do it, too. They all take weeks worth of Paid Time Off (PTO) every year.

- Meanwhile, 1 in 5 American workers in the private sector and in the federal government receive zero days of PTO for vacations, public holidays, or sick leave.
- 1 in 3 state and local government employees receive zero days of PTO for vacations or public holidays.

Why do Our elected officials enjoy PTO — paid for with Our tax dollars — while millions of American workers and government employees do not?

The U.S. is the wealthiest economy in the world. Yet, it is the only advanced economy that does not have a national paid leave law.

All work and no play is not healthy for anyone. 4 out of 5 American workers say they are stressed out at work. Doctors say chronic stress and work-life imbalance can lead to serious physical or mental health issues; or worse, premature death.

This stressful imbalance can negatively affect the quality of a person's relationships with their family, friends and children.

This, of course, is contrary to every American's unalienable Rights to Life, Liberty, Safety and Happiness in their Homeland.

THE 2030 SOLUTION

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

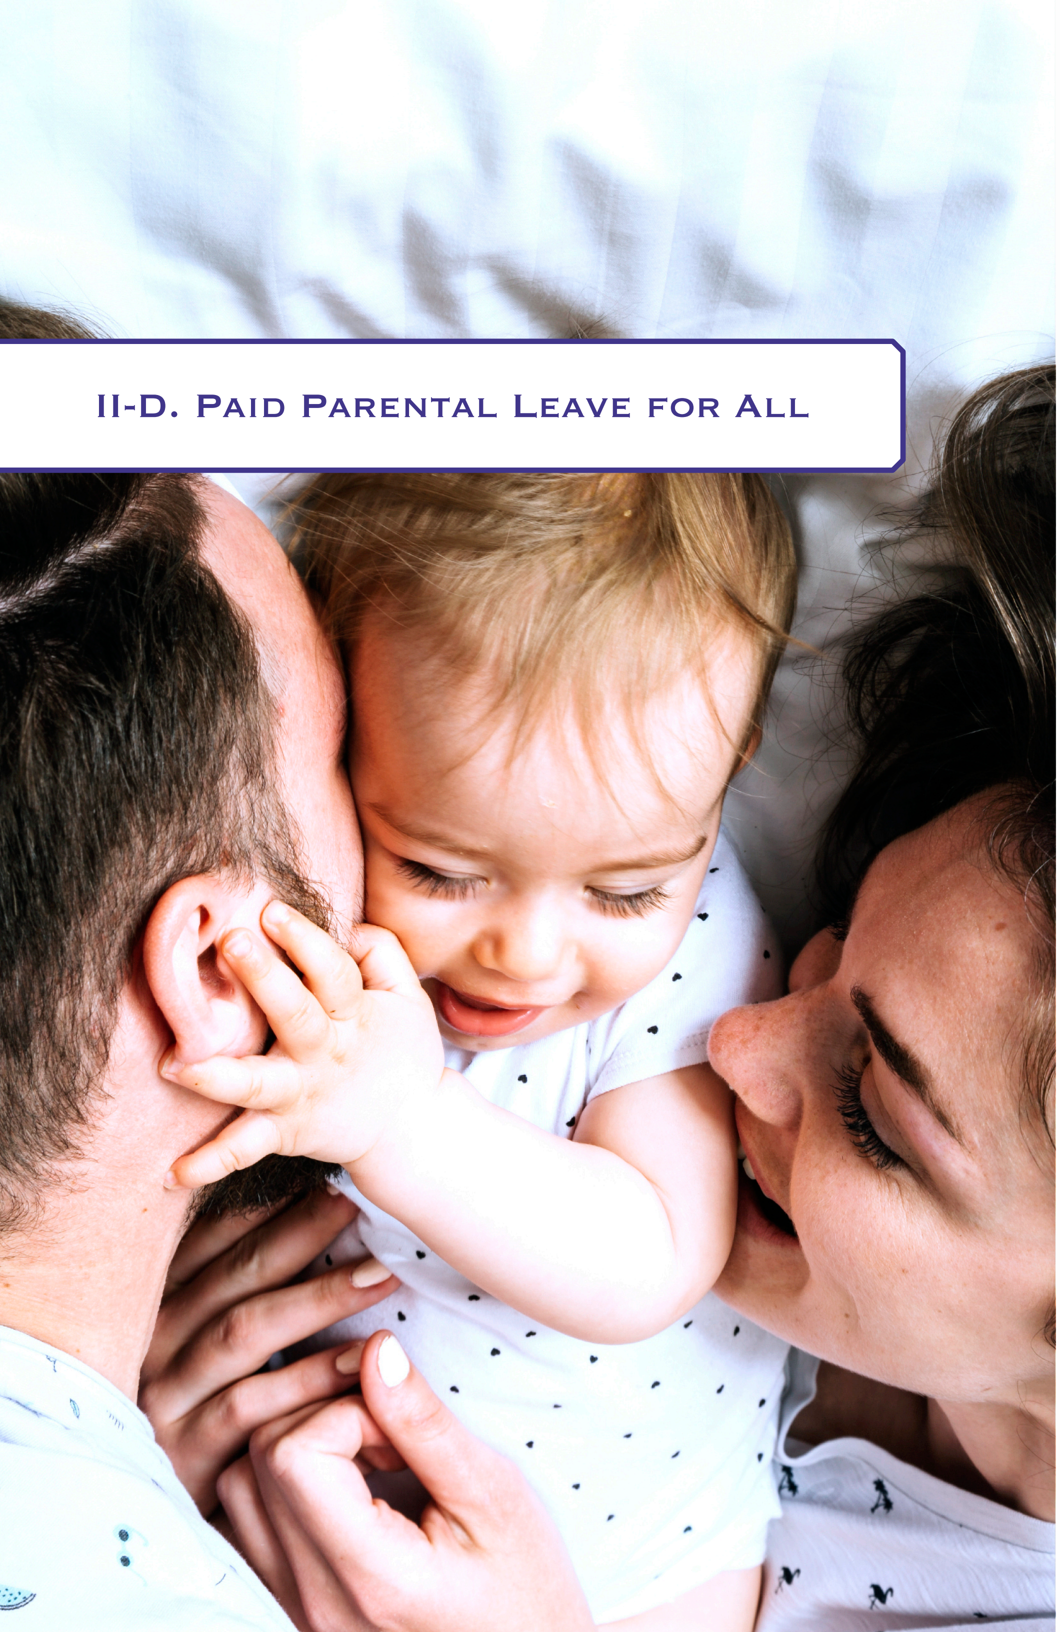
Legislative Action Item II-C: Paid Time Off for All

By 2030, all employers must provide their U.S. employees at least: 10 paid public holidays; and 8 hours of paid time off per 100 hours worked.

Workers can use their PTO balance for sick leave, vacation leave, volunteer leave and/or a personal day. Employers cannot impede a worker from using their full PTO balance by end of fiscal year.

If an employer has a critical staffing need on a public holiday, they can ask or assign an employee to work that holiday, in exchange for equal hours of PTO added to their PTO balance.

II-D. Paid Parental Leave for All



The Problem

The bond between parents and newborn is a beautiful thing.

It is also mission critical, doctors say, to the development and lifelong health of the baby. To the health and well-being of the parents. And, to the health and wealth of Our nation as a whole.

Over 3.5 million bundles of joy are born in the USA every year. Yet, too few of Our American babies get to experience a healthy, consistent, months-long bonding process with their parents due to Our country's woeful treatment of newborn parents.

The U.S. is the world's wealthiest nation. Yet it is among the only advanced economies without a national paid parental leave law. Why? Because Our current Government cares more about corporate profits than "family values" and child welfare.

We cannot say or sing that Our children are the future; then discourage, penalize or prevent parents from providing the best, consistent care and bonding experience for their newborn.

As citizens, every American baby has divine and Constitutional Rights to Life, Liberty, Safety and Happiness in their Homeland. Starting the moment they take their very first breath.

The 2030 Solution

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item II-D: Paid Parental Leave for All

By 2030, employers must provide at least:

- 12 weeks of Parental Paid Leave (PPL) to their eligible U.S. employees who are newborn parents or guardians, or new adoptive parents.
- 12 weeks of Parental Unpaid Leave (PUL) to U.S. employees who are ineligible for PPL as newborn parents or guardians, or new adoptive parents.

Parents or guardians on PUL must be able to apply for a federal Parental Leave Grant that will supplement their unpaid wages for up to 12 weeks, up to the local Livable Minimum Hourly Wage.

Businesses must be able to claim a tax credit on their state and federal income taxes for the total sum of PPL utilized by their U.S. employees in a U.S. tax year.

II-E. Livable Minimum Wage

The Problem

1 in 4 American households are paid less than a Livable Wage.

Every American citizen of working age and ability has the right to be paid a Livable Minimum Wage in their Homeland. Wherein, by working full-time (FTE) — 40 hours a week — they are able to pay for their housing, food, insurance, transportation and leisure.

If you are being paid at or below your state's minimum wage, then you are systematically being paid poverty wages that are strategically designed to keep you locked in poverty and debt.

The federal Government defines "poverty" as a person earning less than $16,320 a year, on average. So, when the Government set the federal minimum wage at $7.25 an hour — or $15,131 a year (FTE) — they deliberately set it *below* the poverty line.

Instead the federal minimum wage, per the average cost of living nationwide, should be more than double the current rate. Similarly, the state minimum wage in every U.S. state is leagues below the average cost of living in each state (see next page).

In the world's wealthiest nation, this poverty-to-livable wage gap is cruel and unconstitutional. It is systematically designed to mire millions of Americans in poverty, debt, stress, health issues, substance abuse, domestic abuse, unsafe neighborhoods, homelessness, traumatic childhoods and, worst for some, a shortened lifespan.

All while corporate profits soar.

The 2030 Solution

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item II-E: Livable Minimum Wage

By 2030, all employers must pay their U.S. employees at least a Livable Minimum Hourly Wage, per the annual cost of living in the employee's state, county or city of residence.

Households earning at or below the local cost of living must be legally exempt from paying state and federal income tax. Since every dollar earned is key to their survival and well-being.

This law alone can pour over $260 billion into Our American economy, benefiting citizens, families and businesses alike.

	Current Min. (Poverty) Wage	Annual Cost of Living	Livable Min. Wage	Annual Livable Wage Gap (FTE)
Alabama	$7.25	$35,831	**$17.23**	$20,820.84

Wyoming	$7.25	$38,145	**$18.34**	$23,142.62

II-F. America FIRST Grants, Loans and Contracts

The Problem

In 1992, a Foreigner came to Our country on a student visa. Then he stayed in the U.S on an H-1B immigrant work visa. By 2002, he was a naturalized U.S. citizen.

Since then, his wealth, and much of the capital for his automotive and aerospace companies, was funded with Our American tax dollars, via Government contracts totaling nearly $21 billion.

This Foreigner also loves to hire H-1B foreign workers over skilled American workers. All while over 7 million Americans are unemployed; and over 800,000 Americans are unhoused.

On January 20, 2025, this Foreigner had the audacity, the gall, the inhumanity to throw up a Nazi salute during the inauguration of America’s 47th president, whose candidacy he helped bankroll.

We the American People do not tolerate Nazi salutes or fascists. Over 16 million of Our ancestors fought with valor to defeat Nazis and fascists in Europe and Asia during World War II. Over 1 million of them were killed or wounded in the war.

It is a HIGH National Security Risk to enrich foreign adversaries with Our American dollars. We will no longer bankroll their mission to subvert Our democracy, economy and national security.

$21 billion of Our tax dollars should have gone to businesses founded and owned by natural-born citizens who **LOVE America**, and are loyal protectors of Our American values and valor.

The 2030 Solution

Starting now, only VOTE Purple. Register to vote on Vote.gov. Vote in every election. Only vote for national, state and local candidates who swear an oath to enact, fund and enforce, by law:

Legislative Action Item II-F:
America FIRST Grants and Contracts

By 2030, all domestic federal, state and local Government grants, loans, contracts and subcontracts must be awarded to businesses and organizations that are owned, managed, directed, chaired, majority-shareholded by — or to individual applicants who are — natural-born U.S. citizens permanently based in the United States.

This will give more loyal Americans the ability to win government contracts; hire skilled or trainable American workers; and build wealth for their community, in their Homeland.

IGNORE THE HATERS

If a politician, CEO or media bobblehead on TV is vehemently against the **Project LOVE 2030 Legislative Agenda**, then you know that We the American People are doing something right!

Project LOVE 2030 is divinely guided with **LOVE** for Our country; **LOVE** for Our American values; and **LOVE** for Our American sisters and brothers. We are one tribe; this Land is Our Homeland.

We want to empower and equip every American citizen to fully enjoy your divine and Constitutional Rights to Life, Liberty, Safety and Happiness in your Homeland.

The people, businesses and organizations who are loudly or secretly opposed to **Project LOVE 2030**, are the ones who currently benefit from this country's oppressive system of land hoarding, labor exploitation and wage suppression.

These Haters and Hoarders will try every trick in the book to distract you; mislead you; and enrage you. They will try to call this communism or socialism. It isn't. They will try to disparage, suppress and shadowban the **VOTE Purple Movement** in the news and social media they own. They will bring out their good ol' playbook of dogwhistles and divide-and-conquer hate speech.

Just ignore them. Do not fall for their tricks or their lies.

Instead, ask yourself — and ask them — why are they so vehemently opposed to a **LOVING Legislative Agenda** that will provide a better Quality of Life for all Americans. Ask yourself:

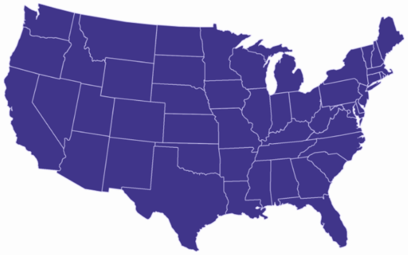
- What are their true motives?
- Who is paying or controlling them?
- What do they stand to lose when this Agenda goes into effect?
- Does this person actually care about my well-being; and every American citizen's Life, Liberty, Safety and Happiness?
- What concrete solutions are they enacting right now that is truly making my life better, happier, more fulfilling?

Truth is, they do not want to propose or enact better solutions.

Instead, they create controversies, spread misinformation, and use hate speech to distract you from the fact that, as the Hoarders of America, they are greedily hoarding *more* land, exploiting *more* labor and suppressing *more* wages to further enrich themselves —

At your expense.

Our 2025 – 2030 Elections:
Purple Waves of Change



We the American People are on a mission to replace every elected official who is a puppet for the Hoarders of America, with noble public servants who will shepherd and protect all Americans with **LOVE**, wisdom, courage and integrity.

Over the next five years, there will be numerous elections taking place at the national, state and local level. Starting now, **VOTE Purple in *every* single election**. No matter how big or small, *every* election is mission critical. Including these Election Days:

Nov 3, 2026 ✦ Nov 7, 2028 ✦ Nov 5, 2030

In 2026 alone, there will be:

- **470** congressional seats up for grabs at the national level.
- **Over 6,000** governor and legislative seats ripe for the taking at the state level.
- **Thousands more** state and local seats that are critical as well, including: attorneys general; secretaries of state; state treasurers; state auditors; mayors; judges; sheriffs; district attorneys; city council and school board members.

Register to vote today on Vote.gov. If you have not voted in a while, check to make sure you are still registered in your state. Save photo evidence of: (1) your voter registration; (2) your ballot when you vote; and (3) you submitting or mailing in your ballot. After you vote, check your state website to verify your vote was received and counted. Save a photo of that as well.

Over the next five years, We must work together and **VOTE** together to paint the USA — and Our Government — beautiful, radiant shades of **Purple**.

So We can empower Our new representatives with the voting majority they need to enact, fund and enforce, by law, the **Project LOVE 2030 Legislative Agenda**.

U.S. Senate

35 seats to fill in 2026	6 year term	$174k salary

U.S. House of Representatives

435 seats to fill in 2026	2 year term	$174k salary

State Governors

36 seats to fill in 2026	4 year term (2 yr in NH, VT)	$149k salary (avg)

State Legislators

6,000+ seats to fill in 2026	2 or 4 year term	$0 - $142k salary

SAY GOODBYE TO THE POLITICAL CIRCUS

Are you tired of the political circus that rolls into Our lives every two years? Dominating the news cycle for two years straight.

Are you tired of attack ads; and mudslinging; and a two-party system corrupted with greed, bribes and campaigns financed by the Hoarders of America? Wherein $6.4 billion was spent on presidential and congressional campaigns in 2024 alone.

So are We.

During the 2018 governor's race in Georgia, one of the candidates was in charge of the State Election Board. When pressured to step down from his position as Secretary of State due to the blatant conflict of interest, he refused to do so until the day after he declared himself the winner.

In January 2025, on the eve of his inauguration, the 47th president of the United States said this during a rally in DC:

"[The Foreigner] knows those computers better than anybody. All those computers. Those vote-counting computers. And we ended up winning Pennsylvania, like, in a landslide."

We the American People will no longer tolerate long, nasty, drawn out election cycles. Or political bribery, greed and conflicts of interest. Or political candidates who, allegedly, will blatantly lie, steal and cheat their way into office — with financial backing from the Hoarders of America.

For the 2024 presidential election, over 1,600 Americans registered as a presidential candidate. Yet, via the corporate-owned news media and the two-party political machine focused on money over morals, we only saw about a dozen of them.

How many of those other candidates would have been a much better choice for the American People?

Project LOVE 2030 is on a mission to find, support, elevate and empower honest and honorable Americans to run for public office. From the presidency… to the state legislature… to your local judges, sheriffs, school board and city council.

If you are honest and honorable, with a noble desire to serve your country as a public servant, We encourage you to run for office at the national, state or local level.

Likewise, if you know someone who would be a wise, noble and LOVING Leader in public office, encourage them to run for office at the national, state or local level as well.

We want to bring the best candidates to the forefront. So they can serve as Leaders who shepherd and protect every American's Constitutional Rights to Life, Liberty, Safety and Happiness.

Together, We the People will showcase and support every candidate who publicly swears an oath to enact, fund and enforce, by law, the **Project LOVE 2030 Legislative Agenda**.

So the best candidates can rise to the top.

No millions or billions of dollars in donor funding needed.

This will make it quicker and easier for you to choose the best candidates in every election. With the added benefit that, during each election cycle, you can tune out the political circus and the media circus and the fake polls.

Because you will be solely focused on supporting, advocating and **VOTING Purple** for candidates who are passionately dedicated to executing **Project LOVE 2030**.

Together, We the American People will usher in a brighter, happier and more prosperous future for all Americans.

HOW TO CHOOSE THE BEST LEADERS

In America, politicians are public servants. It is their duty and responsibility to serve Us, the American People, by enacting laws and programs that are in Our collective best interest.

So, how can you choose political Leaders you can trust to be public servants? How can you trust they will make the right decision in the best of times and in the worst of times?

You must evaluate them not based on how they look, or how they dress, or how rich they are, or how many degrees they have. No, **you must evaluate them based on the content of their Character.**

When choosing a Leader to represent you, an honest and honorable person with strong moral Character will always be the best, safest and wisest choice for everyone. Why? Because they have the highest batting average of making the wisest decisions.

Here are 12 Character Traits of a Great Leader you can use to research, evaluate and choose the best candidates in every election moving forward.

☐ **ACCOUNTABLE**
Takes accountability for their actions, and their team members' actions.

☐ **COMPASSIONATE**
Emotionally intelligent. Empathetic. Cares about everyone's well-being.

☐ **EGALITARIAN**
Believes all humans are equal. Treats everyone with Love and fairness.

☐ **GREAT COMMUNICATOR**
Wise and articulate. Thinks before they speak. Easy to understand.

☐ **GREAT LISTENER**
Listens more than they speak. Listens to a variety of POVs and expert advice.

☐ **HONEST**
Honest with their words and their deeds. Does not make empty promises.

☐ **HONORABLE**
Respectful, humble, authentic. Has integrity. Is true to their word.

☐ **KIND**
Genuinely kind to everyone, especially the poor, elderly, young, disabled.

☐ **LIFELONG LEARNER**
A reader with hobbies. Loves to learn new things about a variety of things.

☐ **MORAL BACKBONE**
Lives a moral life. Stands up for what is right, even if they have to stand alone.

☐ **POSITIVE ENERGY**
Has a positive, optimistic, hopeful outlook on life, even in the darkest times.

☐ **SELF DISCIPLINE**
Practices patience, discipline, self control and moderation in their personal life.

HOW CAN I MAKE A DIFFERENCE?

A rising tide lifts all boats. When you **VOTE**, support and advocate for **Project LOVE 2030**, you are ushering in a brighter future for yourself, your Loved Ones, and every American citizen.

Here are a few ways you can make a resounding impact in your corner of the world:

- ☐ Register to **VOTE** today on Vote.gov.
- ☐ **VOTE** in *every* national, state and local election and referendum.
- ☐ **VOTE Purple** — Only vote for candidates who publicly swear an oath to enact, fund and enforce, by law, the **Project LOVE 2030 Legislative Agenda**.

VOTE PURPLE

① SHARE

Share the **Project LOVE 2030 Legislative Agenda**, and how it will improve your life and their lives, with your friends, family, neighbors, coworkers, and social media followers.

Also, share this brochure with everyone you know. Download it for free on our website. Share it as a PDF via text, email, social, etc. Print via a copier machine. Or, get it professionally printed and bound at a local print shop.

② VOLUNTEER

Join our brigade of local and digital volunteers. Help design, develop and manage digital tools and content to inform and empower candidates, voters and volunteers in the **LOVE America \ VOTE Purple Movement**.

Host a **VOTE Purple** meetup, town hall, rally or voter registration event in your community or online. Invite your friends, family, neighbors and followers to join the fun.

③ NOMINATE

We are looking for 6,500+ women and men to be the wise, noble, **LOVING** Leaders Our nation desperately needs.

If you know someone who is honest and honorable, with a moral backbone, nominate and encourage them to run for office at the national, state or local level. If you, yourself, have a noble desire to serve as a public servant, We encourage you to run for office as well.

Publicly swear an oath to enact, fund and enforce, by law, the Project 2030 Legislative Agenda, and you will be empowered, equipped and supported by the voting power and activism of the **VOTE Purple Movement**.

④ STYLE

Conquer hate with **LOVE** by wearing purple everywhere!

Want a custom **LOVE America \ VOTE Purple** hat, t-shirt, tote bag, flag or the like? Download designs for free on our website. Then DIY; or get them made at a local print shop.

Also, if you are a designer, we invite you to share your **LOVE America \ VOTE Purple** designs for free, as Creative Commons for non-commercial use. So everyone can look good while **VOTING Purple** for the good of all!

“A great democracy

has got to be progressive.

Or it will soon cease to be

either great or a democracy.”

President Theodore Roosevelt
